To Whom It May Concern:

As Superintendent of the Antietam School District it give me pleasure to provide you with this positive letter of recommendation for the architectural firm of Adams, Eisenhower & Meckley, Inc. (AEM). The Antietam School District has had an ongoing professional relationship with AEM over the past several years with several renovation and building projects. Because we are a school district and have a crucial responsibility to our taxpayers, we appreciate that AEM has always been fiscally attentive to our needs, courteous, and very expedient. As a firm, they are very attentive to the needs of the district and have demonstrated a caring attitude in each of our projects.

One element that I believe is crucial to a successful relationship during any construction project is the ability to make a phone call when a question or concern arises and get immediate feedback or assistance. AEM has been tremendous to work with in this regard and we are very pleased to have had this relationship. Finally, my experience with AEM has been all positive not only in my work here at Antietam but in another district where they had been the architectural firm.

If I can be of further assistance, please do not hesitate to contact me.

Educationally yours,

Lawrence W. Mayes, Ed.D.
